<b>Description</b>	<p>Reggio Calabria Airport (so called “Aeroporto dello Stretto”) is located along the coast overlooking the Strait of Messina, in the southern area of the city of Reggio, in the locality of Ravagnese and it is about 4 kilometers from the city center. Its potential catchment area is made up of the two cities of Reggio Calabria and Messina and their provincial territories, which cover an area with over 1.2 million inhabitants. The airport is spread over an area of about 144 ha, at an average altitude of 29 m above sea level, bordered on one side by the town of Ravagnese and, on the other one, by the Reggio Calabria - Melito di Porto Salvo railway line and the sea. From an infrastructural point of view, it presents:</p> <ul style="list-style-type: none"> <li>• in the air-side area, two runways and three aprons for parking commercial and general aviation aircraft;</li> <li>• on the land side, a passenger terminal and 3 parking areas for cars and public transport.</li> </ul> <p>The airport can be reached both from the north (Tyrrhenian area) and from the south (Ionian area). The airport is connected by road through a beltway connecting the A2 Salerno - Reggio Calabria motorway and the S.S. 106 Ionic; the railway connection is guaranteed through the Reggio Calabria Airport</p>
